The Silbury Spotlight

The Clark Collection

Launching Today

The Clark collection was formed during the 1980's & 1990's and consists of coins from Ancient Greece, Rome and Persia. Coins were sourced from reputable dealers and careful attention paid to selecting quality coins. Greek, Roman Republican and Imperial periods are particularly well represented in silver.

These coins clearly gave the collector great pleasure and we are pleased to now be able to pass this on to the next generation. The Clark collection is available to view on our website today... [View Here](#)
